Job Description

You must create a website that will mainly make it easy to contact the company. The goal is to provide a great user experience. Besides the landing page, the website will need a contact page, product pages and a terms of service page. The landing page should have a Our Values section. There should be a call to action to get users to order a free sample. They would prefer a minimal design, and would like you to use the brand color, which is green. Take into account the client's preferences and values.
